[thetomato book by gail harland and sofia larrinua craxton](#)

This is a proper, useful book, written by experts. Gail Harland has been growing tomatoes for years and in the gardening chapters her practical experience and enthusiasm shine through. She mentions problems and difficulties but never without suggesting a solution. I love the approach. Sofia Larrinua-Craxton is a cook with lots of experience who has

[buy tomato book online at low prices in india tomato](#)

I'd rather not have the recipes or pictures of types of tomatoes unless there is information of categories of tomatoes such as disease resistance, best yields etc. I was more looking for care, tips & how to do a bigger, better tomato. BUT where this book does excel is the fact that it has pictures making tomato growing a lot less scarier.
